Small Debt Act Replaced

A new act to replace the Small Debts Act took effect on July 1st. The new act is similiar in many ways to the old act but there are a number of changes that should be understood by persons who wish to enter claims.

The old Small Debt Act forms are now outdated and new claim forms must be used and will be available shortly. Actions started before July 1st will be proceeded with under the old act.

Claims for debt may now be for any amount not exceeding $500. Claims for damages or "torts" may not exceed $200.

Most small debts actions have been heard in courts presided over by Small Debt Magistrates who do not take police court cases at the same hearing. Many Small Debts Court Magistrates also hear cases under the Master and Servants Act. This practise will continue under the new act.

KEEPHILLS NEWS

MRS. G. RAYMOND,
Correspondent

Attendance at the picnic was smaller than usual due to it being so cold and windy. However the races and ball games got off to a good start and other items of interest were various contests which were enjoyed along with a good supply of hot dogs and coffee to offset the cold wind. Rain in the evening made the roads pretty muddy for those coming to the dance.

Almost a full inch of rain fell again over the long weekend but it was very welcome and needed more than any thing else. Monday was nice and bright and picnickers got away to the place of their choice.

Buford Walker stopped to see his sister Della Tattersall for a brief chat on his way to Burtonsville where he has taken up residence.

Mr. and Mrs. Lauder got moved and Roy Raymond and family are here for the week.

Wendy Tattersall is spending a holiday in Edmonton with her Aunt Vera, Mrs. Lorne Draves, and Vera's little boy is here with Scott and Randy Tattersall.

Betty Strassburger and family were in the district for the picnic last week and enjoyed seeing many of her old school chums.

Mrs. Katie Teague spent Sunday afternoon with Mrs. Raymond while her son Dale and his family went down by the old farm for an outing.

Several have reported seeing bears through the area.

Mrs. LeGrand and her sister, Mrs. Byrne are going to California for a holiday.

Mr. and Mrs. J. Stafford of Wabamun were visitors at Charlie and Alma White's last week.

Several items and a pair of water skis were stolen from Erin White's a few weeks ago.

Mrs. Roy Schweitzer is a patient at the Stony Plain Hospital. Also both Mr. and Mrs. Henry Kaiser Sr. Bill Bryant who has been there since June 14 is expected home this weekend.

Sympathy of the district goes to the Combs families at Drayton Valley in the death of O. Combs in B.C. last week.

EDITORIAL COMMENT

Opportunity In Recreation . . .

Most of us are aware of the parts played by the oil industry and agriculture in the economy of our area but few of us appear to show much concern for its recreational potential.

Ever shorter work weeks are freeing more and more people to seek recreation outdoors and we believe that our district has much to offer fun seekers. We won't dwell on the tourist attractions such as tours of the oil fields, the Brazeau Dam or sports events, but hit directly at what appears to be our greatest asset - thousands of acres of forest, clear streams, high country vistas and solitude.

Perhaps we're wrong, but it seems likely that someone to the west of Drayton Valley could make a good business with a string of saddle horses and guides to take visitors deeper into the forested area.

We're not concerned at the moment with hunters or anglers who would probably be the first customers of such a venture, but rather with family groups who might like to ride for a day or weekend of fishing, photography, scenery viewing or simply a little "getting away from it all".

All of this is prompted by a visit to Rat Creek, west of Cynthia on Sunday where we found to our surprise about a dozen Edmontonians camped in a meadow with their horses and revelling in the quiet campsite and the many riding trails they travelled during their weekend campout.

If this group was satisfied to haul the horses in trailers from Edmonton to savor the outdoors, then it seems likely that others would be prepared to pay for the privilege of enjoying this type of weekend recreation.

We are absolutely non-conversant with the economics of the guiding and outfitting business and it's possible that someone has already looked at the situation and opted out. However, it might be worth investigating without investment, by someone who enjoys horses and the outdoors, and has a yen for his own business.

U.S. Turns on The Heat . . .

Anyone who travels in the United States in the winter The Financial Post says, knows that whenever it gets cold anywhere the weather reports have a heading that read something like this - "Cold wave sweeps down from Canada." The variations are infinite but always the suggestion is the same: Canada is responsible for cold weather in the U.S.

The Financial Post notes that we all know that in summer months our excessive heat pours over the international border from the U.S. But our desk men on Canadian newspapers are much too polite. Did you ever read a headline "U.S. turns on the heat" or "Canadians wilt in heat wave exported by U.S."?

Let's not be so polite, The Financial Post comments. Tit for tat is a good rule. Let's blame our summer heat and humidity on our neighbours.

Pressure Control challenges wasted power by cutting wheel slip as much as 50%

Pressure Control is a new kind of hydraulic system that produces "on demand" traction according to the terrain and type of implement being pulled. With this Massey-Ferguson exclusive feature, you place extra traction weight on the rear wheels with just a touch of a lever. Instantly, thousands of additional pounds are put to work — to reduce wheel slip by as much as 50%. Not since 1935 (when the Ferguson System was introduced) has there been such a dramatic improvement in MF tractor capability.

With the added efficiency of Pressure Control, a Massey-Ferguson tractor handles bigger pull-type implements and heavier loads than could normally be expected of tractors in the same horsepower class. And because more of the engine horsepower is converted into useable power, you get more tractor — and more performance — for your money.

ONLY MASSEY-FERGUSON HAS MET THE CHALLENGE OF WHEEL SLIP SO EFFECTIVELY — WITH EXCLUSIVE PRESSURE CONTROL.

CRAFTS TRAILER VISITS HERE

The Crafts Trailer sponsored by the Arts and Crafts Division, Cultural Development Branch, Department of the Provincial Secretary was in town last Saturday. The trailer was open for public viewing from 1:00 p.m. to 9:00 p.m.

A total of 154 objects of art were on display in the travelling showcase. The trailer, originating as a Centennial project, was meant to give the people of Alberta an opportunity to see for themselves what was being done by craftsmen of the province in all categories of craft work. Here we can see the work of children, students, amateurs and professionals. Unfortunately the trailer space is very limited and many outstanding works in every field of craftsmanship had to be left behind, however it was felt that those selected were most representative of the high standard of crafts being done in this province at the present time.

The trailer known as "Crafts of Alberta" was originally scheduled to visit 200 communities in Alberta over a two year period. With a tour of two months in length during 1967 and four and one-half months planned for 1968, almost every community with a population of 300 people or more within the province will have been visited and it is estimated that the exhibition will have been viewed by close to 100,000 people. A total of 403 persons viewed the contents of the trailer here last Saturday.

HOCKEY STUDY REPORT

Some time ago I received a copy of the final report of the Alberta Department of Youth Hockey Study Committee submitted to the Honorable Robert C. Clarke, Minister of Youth of the Government of Alberta on November 15, 1967. This is an extensive report covering all phases of the game of hockey. It is the result of some careful probing and some thoughtful study as well as expert analysis of findings. It is no secret that our national game has many and varied trouble spots at all levels of operation. This report deals in detail with many of those problems and offers some sound and practical recommendations for possible solutions.

The Hockey Study Committee was composed of seven members with Don Moore, Recreation Superintendant for the City of Red Deer serving as Committee Chairman. Emmett H. Smith, M. Sc., Supervisor of Athletics for the Recreation Branch Department of Youth was the Committee Secretary. The five other members of the committee were Roy Blais, Recreation Superintendant for the Town of Taber, Rev. Father L. Bonner, Minor Hockey Coach and Adviser in the City of Edmonton program, J.J. Sauter, School Administrator of Calgary, R. Barry, a former professional hockey player from Calgary and Clare Drake, University of Alberta Hockey Coach.

The Committee met ten times from October 14, 1966 to October 25, 1967 when the report was finalized. The highlights of the different meetings were interviews with Dr. W.J. L'Heureux, Chairman of the National Hockey League, as well as joint sessions with the executive of the A.A.H.A. especially in relationship to the Pro-Amateur Agreement. The activities of the committee revolved around the study of documents, especially the Pro-Amateur A Agreement, interviews on specific matters, individual and public hearings, briefs and questionnaires.

Section 3 of the report deals with findings and conclusions. The information contained in this section has been divided into six different classifications, the organization and administration, the facilities, the game, the equipment, the leadership and the player. This is the most interesting and challenging section of the report. Most of the items sound very familiar to anyone involved in the game of hockey. For example in discussing the findings related to refereeing: "In general the committee considers the attitude toward officiating to be nothing short of deplorable." The truest words ever written on paper. The findings and conclusions on organization, administration, leadership and specifically on coaching are very thought provoking to say the least. There are a few items in this section, and throughout the entire report with which the average hockey man is not so familiar. An example would be the Pro-Amateur Agreement. This is an agreement of amateur and minor hockey in Alberta and across Canada. Among the outstanding recommendations are those on leadership development.

This report is an interesting and informative document, one that should be read by anyone involved in the organization, administration, coaching or officiating of hockey at any level. Copies of this report can be obtained through the Drayton Valley Recreation Office from the Department of Youth.

Don Sanderlin Shoots Perfect Skeet Score

Don Sanderlin of Edmonton, son of Mr. and Mrs. Ed Sanderlin of Drayton Valley, blasted his way into the lead on Friday of last week in the U.S. International Skeet Championships at San Antonio, Texas. Mr. Sanderlin, a member of the Canadian Olympic team, scored a perfect 100 birds.

He was the only one in the field of 60 of the United States top shotgun marksmen with a perfect score.

The three days of competition was to end Sunday but final standings are not available as this is written.

BURTONSVILLE NEWS

MRS. A. HOMME,
Correspondent

Buford Walker, his wife and family, have moved from Edmonton into their new home at Burtonsville. Aimy's parents from Saskatchewan are visiting them for awhile helping with getting them settled and painting inside of the house for them. Mr. and Mrs. Rogers (former owners) have moved to Devon where they purchased a home.

Axel and Emma Homme went to Whitecourt for a visit with their daughter and family. Lillie and Dick Weadon planned to make a holiday trip with them.

Mary Tattersall her son and daughter, David and Teresa, left recently with Mr. and Mrs. Art Bryant at Keephills to visit Lloyd Tattersall at Williams Lake, B.C. Edward from Keephills has been doing the chores while his mother and family are away.

Harvey Draves of Edmonton was doing some work for Eldon Greanya and while there he dug out a basement for Clayton Greanya who plans to build a new home on the farm.

Lewis Homme of Stony Plain was helping his brother Cecil on July 1st.

Mrs. Katie Teague with her son Dale and family were in the district to visit with Mr. and Mrs. A. Homme, unfortunately they missed each other.

Sincere sympathy is extended to the Combs family at Drayton Valley in the second death to strike the family in the past year.

The road to success is always under construction.

EVANSBURG NEWS

MRS. M. BRUNER,
Correspondent

Of necessity, last week's news was written while seated in the waiting room of a medical clinic; this week's news is being written while a boy's ninth birthday party is going on, so please overlook the many mistakes there may be.

First, I wish to say to Mrs. McDougall that I am very sorry I omitted her name from the list of those ladies who helped at the B and F Sales and Service building opening. I also omitted to say that Mrs. Betty Brown was there, too, and is still there doing the running around necessary to a business such as this. Sorry, ladies.

Mr. and Mrs. Ray Dystant, Susan and Dennis, all of Campbell River, B.C. were weekend visitors at the home of Mrs. Dystant's parents, Mr. and Mrs. D. Farrell. Pat, her husband and family were on their way to Moncton, N.B. where they will visit with Dystant relatives before returning to Evansburg and stying a short while before their return to their home in Campbell River.

Also from Campbell River, and visiting relatives in the village were Mr. and Mrs. Don Allan and family.

Now that there are no more books and students for Mrs. Weist, our business program teacher, Mr. and Mrs. Weist are flying to Seattle, Washington to attend the wedding of Mrs. Weist's brother.

Amidst the confusion of all the float building going on at our place last weekend, my brother, Ray Clark from Hixon B.C. dropped in for a short visit. Ray was accompanied by a friend of his and both had just "come to Alberta for the long weekend."

Best get well wishes go out from us to Bill Barewise who is in an Edmonton hospital. Also on the get well list, but only bandaged and still around town is our village foreman, Mr. Armando Paron, who was injured while repairing machinery.

I had the good luck of attending the 4-H beef achievement day at Drayton Valley on July 4th. Many fine animals were shown and a longer account, from the club reporter's point of view will appear soon.

Pastor Yee of the Advent Lutheran Church informs me that Vacation Bible School time is here. Vacation Bible School days will be from July 15th thru July 19th and everyone from four to twelve are welcome to attend. There will be Biblical studies, arts, crafts and sports, music and a picnic. The picnic will be held on July 21st at 1 p.m. Bring a sack lunch and drink will be provided. School and picnic will take place at the E.C. Pembina Camp in Evansburg. Oh, yes, the Bible classes are from 9:00 a.m. to 3:30 p.m.

Pastor Yee informs me that arrangements have been made with Fr. McKenzie and Lutheran services will be held in the Catholic Church in Evansburg beginning July 9th, at 11:00 a.m. and will continue every Sunday. There will be no Sunday School classes during the summer holiday period.

Although the big day planned by the Gymkhana Club was rained out, I think most people enjoyed seeing the rain, as it certainly gave a needed boost to the crops. The big day was postponed for a needed boost to the crops. The big day was postponed for a week and it is to be hoped that everything will be fine this time for a day of fun.

Several people from this side of the river attended the picnic held in Entwistle on July 1st. Three floats for the parade left our place to go over. Two of them came back prize winners so all were in very good spirits.

Unfortunately, this family was much too busy washing steers and getting ready for summer camp to be able to attend the picnic festivities. The Hollysprings Community picnic was also rained out on the long weekend and postponed for a week.

This week, one member of our family, Lee, is away at a church summer camp and one member, Jeff, celebrated his 9th birthday.

Four new additions to our barnyard family are two guinea chicks and two lovable lambs.

Trail Ride This Weekend

All riders and outdoors enthusiasts are invited by the Golden Spur Gymkhana Club to take part in an overnight trail ride planned for this weekend.

The ride is scheduled to start Saturday afternoon from the Lindale Hall grounds and return Sunday afternoon. Those wishing to take part are asked to meet at the grounds at 2:00 p.m.

Some horses are available from club members for people who would like to ride but don't own a horse. Members of the Golden Spur Club should be contacted in this regard.

Cost for those taking part is $1.00 for adults and 50¢ for children under 16.

How did those six Sioux get on our beer label? (Six? Count 'em. Six.) To say nothing of three crows. And a Hupmobile. And twenty-nine trees. And our House of Lethbridge. How? Frankly, we don't remember. It all happened many moons ago. But one thing's certain: we'll never change our label. Or the great beer behind it. In Lethbridge, we go right on brewing it the slow, natural way, for real flavour. We have spoken.

Observe Anniversary

Mr. and Mrs. W. L. Krause of Pigeon Lake, formerly of Drayton Valley, were honoured at an open house Sunday, June 30 on the occasion of their 25th anniversary. Many relatives and friends from Edmonton, Leduc, Drayton Valley and surrounding districts gathered at Rundle's Mission, Pigeon Lake, to help celebrate the occasion and wish them many more happy years. The honored couple were the recipients of many lovely gifts for which they sincerely thanked all for their thoughtfulness.

Forty-nine Charolais Cattle Sell for $519,950 at Red Deer

When the gavel fell on the 49th animal to end the Charolais sale held in the big Red Deer arena on July 3rd, the fantastic gross of $519,950 was realized. The average for the 49 lots was $10,607, just $318 short of the record average of last year's first World Charolais Sale. The gross of this year's sale was $81,700 higher than the 40 lots sold last year.

All of the seats in the arena which afforded at least fair visibility of the ring were overflowed with a crowd of approximately 1,250 people. Among these were buyers from Louisiana, Texas, Wyoming, Colorado and Montana in the United States and from Quebec Ontario, Alberta and British Columbia.

Big buyers of the sale were Robert and Modena Janigan of Tyler, Texas, who purchased five animals for $117,800 averaging $28,900. Runner-up was Mr. J.A. Lawton of Sulphur, Louisiana, who purchased two head for $80,000, followed closely by Western Securities of Calgary who paid $79,500 for a bull calf and a yearling heifer.

The Canadian born Full French calves were the highlight of the sale. Lot 9, "D'aiglon" a March 30, 1968 bull calf brought $53,000. He was consigned by Harold and Etta Proud of Crosby, Ontario and sold to J.A. Lawton. Close behind was Lot 5, Ali Baba Ha 1st, who was born April 11, 1968, consigned by Harvey Anderson, Erskine, Alberta and selling to Robert and Modena Jernigan for $52,000. The eight Full French bull calves averaged $30,500.

Charrouse Ranch of Stettler, Alberta broke the previous Canadian Charolais price record, by selling a 1/4 interest in Lot 1 Bouvreuil to 4 T Ranches, Georgetown, Texas for $16,000 making a value of $64,000 on the bull, $6,000 higher than last year's record. Bouvreuil had been judged the Grand Champion of the bull show earlier in the day.

Lot 15 started off the female portion of the sale. When the smoke had settled, Western Securities of Calgary was the winning bidder at $42,500. Lot 15 was a yearling Canadian born full French heifer consigned by San Dan Charolais Farms, Erskine, Alberta. The four Full French females in the sale averaged $31,000.

Was it a success? Well, like one fellow put it, "There's never been a poor Charolais sale--it's just that some are better than others". It would appear that this just has to be one of the "better" ones.

D. V. Highlights

BY MRS. EDITH DEBY

Drayton Valley welcomes two families this month in the persons of Mr. and Mrs. Atkinson and Corporal and Mrs. McDowell. Mr. Atkinson will take Mr. Wickens' place at Mobil Oil and Corporal McDowell replaces Sergeant Helander.

Pastor Moore of Peace River has accepted a call to the Lutheran Church here.

Mr. and Mrs. Dan Bills are on an extended holiday to the west coast. Several members of Mrs. Bills' family live in that area.

Mr. and Mrs. Carl Anderson leave by air on July 18 for California where they will attend a cousin's wedding.

The Adrian Meier family plan to move this week to their farm formerly owned by Lawrence Sharkey.

The Wally Peters were host and hostess on the long weekend for a re-union of Mrs. Peter's family. Eighteen adults and thirty three children should make for a pretty lively time, wouldn't you say?

Mr. and Mrs. Ray Wickens leave this month for Swift Current. I'm sure we are all grateful to both Mr. and Mrs. Wickens for the many and varied contributions they have made to the life of our community.

Very much enjoyed a visit with Mr. Al Miles when he was here on the weekend. When Mr. Miles left Drayton Valley two years ago he moved to Grande Prairie and became an associate of Mr. Earl Thompson in a sporting goods store. Recently Mr. Miles was appointed Stores Foreman at Jasper Park Lodge.

Since the Lodge is open year around for the accommodation of skiers in the winter in addition to tourists in the summer the appointment is a permanent year round position.

Mr. and Mrs. John Zelenak celebrated their twenty fifth wedding anniversary on July 5th. On July 6th a reception was held for relatives and close friends. Best wishes for many more happy years, Mr. and Mrs. Zelenak.

Local Guides Attend Camp

Fifteen Girl Guides from Drayton Valley attended a District Camp at Tangletrees Provincial Camp on Pigeon Lake. They were under the leadership of Sister Gabriel and Sister Elizabeth along with two Junior Leaders, Margaret Hammerlindl and Bonnie McGaughey. With the girls from Drayton Valley there were Girl Guides and leaders from Alder Flats, Winfield and Buck Lake.

At the camp site, at the same time, were Girl Guides and leaders from other surrounding towns totalling over one hundred guides.

BERNICE JOHNSON

Friends and neighbors came out in the rain Saturday evening to take part in a pot luck supper and bid farewell to three prominent families of this district. The Gordon Shanks and Johnny McBurnies have moved to Drayton Valley and the Roy Nerdahls will be moving to Onoway this month. Councillor Alex Danyluk presented each family with a miniature train filled with money and to each a guest book signed by all, on behalf of the community.

Silver teaspoons were presented to Mrs. Shanks, Susan and Heather and Mrs. Nerdahl by Mrs. Joyce Hayduk on behalf of the Guides and Brownies.

Roy Nerdahl received a plaque in remembrance of his services with the cubs and scouts, making the presentation was Mrs. Margie Hammond. Each of the honored guests expressed their regrets at leaving and their thanks for the farewell supper and gifts.

Lightning struck and did extensive damage to Alex Maciborsky's garage last week. Alex was fortunate having just left the garage minutes prior to the incident.

The ladies challenged the grades five and six boys to a ball game at the school picnic on Friday. Needless to say they came ahead on points but we on aches and pains.

On Wednesday evening the Buck Lake men came down and played the Alder Flats men with the game ending in a six-all tie. Alder Flats then went to Winfield last Tuesday night and won the game by a score of 25-5.

A lot of the young folks are either away at camp or holidaying with relatives. They will be enjoying the care-free days of being absent from school for the next two months.

Mr. and Mrs. Norman Nerdahl and family of Peace River were recent weekend visitors at the Roy Nerdahls. Long weekend visitors with them were Mr. and Mrs. Grant Sorenson and Mitchell of Calgary. Mrs. Sorenson is Roy's sister.

At the Ron Blades for the holiday weekend were Mr. and Mrs. Dale Rhyason and baby (Tracy Lynne) of Edmonton and Mr. and Mrs. Gordie Blades and son of Hanna. Rod Blades went back to Gordies to spend a couple of weeks holidays with them.

Byron Larson, Donnie and Dennis Maciborsky, motored to Ponoka on Saturday with Dale Sergeant to take in the Stampede, but to their dismay it had been rained out; so on Monday Pete and Gladys Maciborsky took the boys andthey all enjoyed a lovely day at the Stampede. Byron came home with a nice stuffed poodle he had won.

Mr. and Mrs. Lars Larson, Ross and Karen took in the Rocky Stampede on Tuesday.

Mrs. Joyce Hayduk is away at Mulhurst for a week helping out at the Tangle Trees Girl Guides Camp.

George Kugyelka of Breton shows the ten pound jackfish he caught recently at Mobuck Ranch at Lindale. The 36 inch fish was taken from Buck Lake Creek where it flows through the ranch property. The ranch is the site of the junction of Modeste Creek and Buck Lake Creek and provides a fine setting for Matt Leake's nine-hole golf course and trail riding and camping facilities.

July 1--Mrs. Gary Bullock (Edna), Drayton Valley - Boy - 5 lbs. 13½ ozs.

July 2--Mrs. Henry Nixon (Jean), Camwood - Boy - 7 lbs. 13 ozs.

The winner of this week's heaviest baby contest is Mrs. Henry Nixon with her boy who weighted 7 lbs. 13 ozs. Mrs. Nixon may pick up her baby spoon at:

MRS. JEAN STEWART

Congratulations to Marilyn and Robert Rasmussen on their 4-H achievements. Marilyn had the champion calf for the Drayton Valley club and Robert had the reserve champion for Drayton Valley. Then Marilyn went on to win the best calf for a first year member award and the Grand Champion award. After Marilyn pays her dad for her calf and its feed she plans to donate $25 to the 4-H Club. I think that is a very generous donation and will be appreciated by the club.

Debbie Mohr went to the Ross Haven Bible camp for a week. We're sure she had an enjoyable week.

Kevin Lang was down with the mumps last week. Sherry had just gotten over the mumps before school was out.

Jerry Kos is spending a week in Drayton Valley with a friend. Have a good time Jerry.

Best wishes for a speedy recovery to Victor Lang who has been quite ill lately.

Maurice Kos is spending his summer holidays working at Ft. Simpson. Diane Kos is working at the Esso Cafe on Highway 16 near Entwistle.

Dick Mohr's brother and his family were out to visit from B.C. last week.

Happy Birthday to Mrs. Mike Blatkewiecz and Rose Marie Hartman. Both ladies celebrated their birthdays July 3rd.

The John Davis family are out to visit brother Keith and family. John and Geneva are from Saskatchewan.

I would also like to say Happy Birthday to Melvin Gangle. Melvin with his mother, Fay and brothers and sister are from Sacramento, California and are visiting Fay's folks, Mr. and Mrs. Fred Cherrington of Moon Lake. So Melvin celebrated his birthday in Canada this year.

Jack and Kay Smith, Kathy and Peggy visited at the Stewart home over the weekend and at Jack's mothers, Mrs. Smith at Entwistle. Peggy is staying with Grandma for awhile to visit with her cousins Dino Wylie and Judy Vignal who are out for a holiday from Langley, B.C.

Don't forget our annual picnic next Sunday, July 14. There will be ball games, races bingo and fun for everyone.

Several people turned out Sunday for a work party to clean up the grounds and get ready for the picnic.

Congratulations to Cliff Whitelock, whose horse, Count Kilobar won second prize in the three-year-old quarter horse races at Calgary Stampede on Saturday, July 7. Count Kilobar races at the Stampede again on Friday, July 12. Good luck Cliff, we hope he takes first on Friday.

4-H Representatives to Visit Other Provinces

Nine Alberta 4-H award winners will represent the province in the sixth annual 4-H inter-provincial exchange from July 8 to 22.

The program is sponsored by the Canadian Council on 4-H Clubs, financed by the Royal Bank of Canada and administered in Alberta by the 4-H and Junior Forest Warden Branch of the Alberta Department of Youth.

Ninety 4-H club members representing each Canadian province, will travel by air and visit 4-H host families in other provinces.

The Alberta 4-H award winners, who were selected on the basis of individual leadership abilities and achievement in club programs, will leave for host provinces by air on July 9th. On the day prior to their departure, July 8th, the young 4-H'ers will be the guests of the Alberta Department of Youth in Edmonton.

The names of this year's provincial award winners and the host provinces to which they will travel are as follows: Larry Cuming of Crossfield to Quebec; Dennis Eshpeter of Strome to Ontario; Charles Briggs of South Edmonton to Manitoba; Bernard Radke of Pickardville to Saskatchewan; Miss Wendy Johnson of Red Deer to Newfoundland; Miss Donna Wakefield of Coronation to New Brunswick; Miss Joan Marr of Twin Butte to Nova Scotia; Greg Wood of Donalda to British Columbia and Diane Harkin of Lloydminster to Prince Edward Island.

A 5¢ commemorative stamp to be released by the Canada Post Office on the 4th of September, 1968 will mark the 100th Anniversary of the year in which Henri Bourassa was born, Postmaster General Jean-Pierre Cote announced today. Bourassa, a politician and journalist, was one of the nation's most colourful public figures during the latter half of the 19th century and the early 1900's.

Robertson Church Setting For Recent Ceremony

Robertson United Church was the setting of a lovely afternoon wedding on June 7th when Elinor Jean Brown, only daughter of Mr. and Mrs. Robert Brown of Entwistle became the bride of Edward James Coull son of Mr. and Mrs. John Coull of Edmonton.

Rev. A.G.S. Edworthy performed the double ring ceremony.

Entering the church on the arm of her father, the bride was radiant in an ankle length gown of white satin with an overlay of nylon tulle. Appliques of daisies adorned the neck, sleeves and hem of the A-line gown which contained a train. Her shoulder-length veil of nylon tulle was held in place by a larger daisy matching the ones on her gown. She carried a cascade bouquet of red tea roses with ribbons of tiny rose buds.

The bridesmaid was Verna Denim who wore pink satin with an overlay of pink nylon tulle. Her bouquet was made up of white Carnations.

The best man was Gary Dick and the usher was Allen Brown brother of the bride.

For her daughter's wedding Mrs. Brown wore a blue afternoon dress with white accessories and a corsage of white roses.

A reception for fifty guests was held at the Lauderdale Hall. Master of Ceremonies was Danny Conlon, a long-time friend of the groom. Toast to the bride was given by Uncle Sam and the guest book was in care of Aunt Betty.

A wedding dance was held later in the evening with Peter Dunn's orchestra. Mr. and Mrs. Ernie Brown, grandparents of the bride were also honored as they had only recently celebrated their 51st wedding anniversary on May 28th.

SUBSTITUTE MILKS - What are they?

There are two classes of these milks.

FILLED MILK is not available in Canada, but when you travel to New York or Arizona you may find it on the market with a price tag of 37¢ up to 47¢ for half a gallon. It's flavor is good, closely resembling homogenized-pasteurized milk. The ingredients are either skim-milk or non-fat dry milk mixed with vegetable oil, usually coconut oil, various glycerides, modified food starch, artificial coloring, vitamins and water. Because this is a mixture of dairy and non-dairy products our Canadian legislation does not permit its sale.

IMITATION MILD is available in Ontario at about 6¢ per quart less than pasteurized homogenized milk. Our Food and Drug Directorate demands that "any product represented or sold as a replacement or substitute for milk must not be nutritionally inferior to fresh fluid milk" and the word "milk" cannot be printed on the label. Imitation milk contains vegetable fats, corn sugar, starch, soy protein, sodium caseinate, vitamins, minerals, stabilizers, emulsifiers and water. The flavor varies widely and is considered inferior to milk.

All this goes to show that, Bessy, the cow is a high efficient factory; it is our economic system that is putting her out of operation.

Congratulations to . . .

Miss Marilyn Rasmussen

of the Drayton Valley 4-H Beef Club whose A.I. sired calf won the

GRAND CHAMPIONSHIP

at the combined 4-H Achievement Day held in Drayton Valley July 2

We extend our best wishes to Marilyn on her achievement and will send her a certificate for the free A.I. service of one cow.

MAGNOLIA NEWS

MRS. G. P. MacDOUGALL
Correspondent

Congratulations to Magnolia Community Club, winning second prize with their float entry in the Entwistle parade on July 1st. Especially to the ladies who worked so hard.

Mr. and Mrs. Roy Strangway are proud owners of a 1968 Chrysler car. They are on a holiday to Victoria, B.C. accompanied by Mrs. Fred Harris of Entwistle and Mr. and Mrs. Herberdo of Edmonton.

Mr. Dave Churchill had his son, Charles and friend of Calgary, son Dave Jr., Anne and granddaughter Barbara Anne of Barrhead home for the weekend.

Betty Strangway and sons are on their way to Portage La Prairie to join Dean.

Gladys Chechotko is working in a bank in Drayton Valley.

Speedy recovery is wished Betty McDougall who is in Royal Alex Hospital.

Congratulations to Magnolia Men's softball team on winning first prize in the Wabamun tournament July 1st.

Mr. and Mrs. Leslie Aiken and Daryl of Quesnel, B.C. visited at the Grant MacDougall home for a few days, attending Julie Anne's wedding. Mrs. Aiken and Mrs. MacDougall began their friendship as pen pals 34 years ago and met at Quesnel two years ago. This was their second meeting.

Bride-Elect Honored At Surprise Shower

Miss Marilyn Belluz was honored at a surprise shower on June 10th at the home of Mrs. May when about fifty ladies gathered with many lovely gifts and boxes of delicious lunch.

The evening began by assembling a comical scrap book of pictures which had been gathered by Marilyn's friends. These, supposedly represented Marilyn from babyhood to Grandma. Then some quiz questions gave the chance for "deepthinking." Next Marilyn was given a set of questions which she answered much to the amusement of all.

Marilyn was assisted in the opening of her gifts by Linda Lenz, Heather Ferrier, Linda Hawkins, Judy Milner and Doris Struck. A wish, picked from a wishing well was given each person as their gift was opened. Since every teacher should have a little red school house of her own, one of these was constructed for her especially for the occasion. Inside she found a gift that she had once made a wish for--an electric carving knife. Several had gone together to get it.

After the bows from the gifts had been fashioned into a hat, the bride's book autographed, the umbrella above her head had tipped its confettie, Marilyn's five charming assistants served lunch.

Marilyn, in her thank you speech, invited all to visit her in her new home now under construction in Wabamun. Her wedding to John Wichuk will take place August 3rd at Fort William, Ontario.

Congratulations and best wishes go to them both.

Bible School Held Last Week

Daily Vacation Bible School was held at the Church of God July 1st to 5th. Children enjoyed singing, hearing Bible stories and the Christian challenge, doing projects and handicrafts.

Sixty-three certificates and awards were given out Sunday evening, July 7th. An excellent film, "The Project" was shown at this time.

The junior class made treat baskets to be given to hospital patients. The Primary A class made colored cotton quilt blocks to be sent to Africa for children there.

We thank the interested community helpers who worked as teachers and helpers during the week.

Highway Construction Making Good Progress

The Honourable Gordon E. Taylor, Alberta Minister of Highways, stated last week that highway construction is generally ahead of the progress achieved at the same time last year.

In 1967, 19% of the grading program $350 miles" had been completed at this time; this year 45% of the grading program or 95.7 miles has been completed out of a total of 212.9 miles.

Last year, 23% of the base course program (269 miles) had been completed at this time; this year 30% or 56 miles out of program of 187 miles has been completed.

Last year 35% of the plant mix surfacing out of 312.48 miles had been completed; this year 25% of the surfacing or 65 miles out of 265 miles has been completed.

Last year 31% of the seal coating of a total program of 350 miles had been completed; this year 25% of the surfacing or 65 miles out of 265 miles has been completed.

Last year 31% of the seal coating of a total program of 350 miles had been completed; this year 56% of the seal coating program of 162.9 miles out of a total 289.6 miles has now been completed.

In comparing the progress this year with last year, it ~~shojld~~ be noted that the 10 million dollar reduction in the Highway Construction budget made it necessary to cut down the total mileage from that achieved last year.

With continued good weather it appears that the Department of Highways will complete its program during 1968 and that it will run out of money long before it runs out of roads that require attention.

Slender wheatgrass and reed canarygrass are the only cultivated forage crops that are native to Canada, according to CDA sources.
